A Brighter Future

The Power of Leadership

When brilliant minds work together to create a school that cares, it is called 'the Joy of Learning.'

Shri Tarsem Garg
Founder, MM Trust

Founded in 2007 by MMT, MMIS aims at the holistic development of its students by enriching the quality of life. We understand that the popularity of a school involves a vision executed with earnest efforts. A careful planning, the selection of excellent staff and willingness to innovate in education has contributed to a very high level of academic success achieved by our students under various M M Institutions.

We set the highest standards of academic achievement, intellectual growth, ethical awareness, behavior, sportsmanship and other moral values for students in our schools.

We believe that the job of an educational institution is to help every child bring out his or her own unique talent. The MMIS curriculum and hand-picked ingenious staff aims to deliver a wide variety of physical, intellectual, emotional and spiritual activities. This enables students to have a deeply gratifying learning experience and encourages them to become critical thinkers who love to explore and discover.

One of the most important decisions, that any family takes, is the school they choose for their ward's education. I invite you all to experience the rich tradition of quality education set up by us at MMIS.

MM INTERNATIONAL SCHOOL

Globalization has paved the way for new opportunities and hence the profile of the winners and leaders in this new age is changing. The schools, only next to the family, have a special responsibility. They must equip the children with positive attitude and skill sets essential for winning in this age of information or AI. Hopefully this Information Booklet will provide you with useful information and enable you to gain an insight into our schools.

Inculcating love for learning is the focus, which is achieved by delivering a creative, interesting and balanced curriculum, which is updated regularly, keeping in mind the need of the hour. Equal care is taken for creating a caring and supportive environment which in turn develops confidence level in children and enables them to articulate feelings and ideas. Furthermore, we ensure that the students feel good about themselves and acquire a high level of self-esteem which assists them in possessing a positive moral responsibility, being supportive, sensitive and above all, aware of the needs of others.

Strong bond amongst the students, parents and teachers is the strength of MMIS. Parents' support and cooperation is encouraged at all the levels. The school strives hard that all the students at the time of leaving the school walk out with positive experience and are prepared to move on to the next phase of their education.

Vision

To nurture Future Ready, Informed Global Achievers with qualities of Head and Heart, Happy Souls and the Potential to carve a Sustainable and Progressive Society.

Mission

MMIS's mission is to nurture the young intellects to break the barriers of stereotypes, think out of the box, be innovative, achieve the greatest goal, have strong willpower, work tirelessly with firm commitment and focus to execute their vision on the practical plane of life.

Objectives

- To build a firm foundation of learning and knowledge essentially required to enable the students to pursue a career of their choice with excellence.
- To develop self-confidence through a sense of responsibility and leadership in every walk of life.
- To tailor and shape the personality of the students and encourage them to look beyond the beaten tracks.
- To transform today's young generation into mature, responsible and well-rounded citizens of the country.
- To inculcate in the students a sense of mutual respect, universal brotherhood, love, affection and respect for elders.

Where the radiance
of experience meets perfection

Vibrant
Learning Experience

> “The power of inspiration is the light that transforms rain into a rainbow.”

Philosophy of the School

The deep rooted philosophy of the school is to offer "Fine blend of Academics, Sports & Co-Curricular Activities" and to achieve this goal, equal emphasis is laid on all three aspects - Instruction, Training and Coaching. Trained and qualified teachers and coaches, who are adept in their respective fields are engaged to enable the students become versatile and multifaceted personalities.

We are a School, where teaching is done by the people, who inspire, encourage and create the "Joy of Learning."

Faculty

Students have unique needs and must receive unique instructions. This job is best done by the teachers, who can paint great pictures in the minds of young students, because they understand their needs. Highly qualified, experienced and dedicated teaching staff takes pleasure in helping students gain knowledge & skills and takes care of what children need to learn.

A Safe Space

for Experiential Learning

Classrooms

Well - lit, spacious and ventilated classrooms that are centrally air-conditioned provide a comfortable environment for the students to learn.

Library

An ultra modern computerized library acts as a resource centre equipped with a large volume of books for the benefit of students and staff. Besides acting as a comfortable and ideal platform for self study, it also has a treasure of a variety of resource materials like journals, magazines, digital media, computer software and multimedia stations which accelerate the growth process. Students have access to a vast repertoire of reading material which transcends border. Thus, good reading habits are inculcated in the students at MMIS. It also has a separate seating arrangement for students of pre-primary classes.

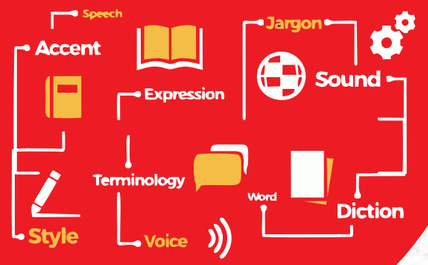

Laboratories

There are well equipped laboratories with excellent facilities for practical work for different streams of Science, Mathematics and Social Science. The children get hands-on experience, which compliments the theoretical knowledge.

Computer Labs

Small opportunities are often the beginning of great achievements. Knowledge of computers is imparted to the students right from the primary section. Separate computer labs for primary and secondary students are equipped with ultra modern and latest hardware and software. Well-trained, competent and experienced teaching staff guides and caters to the needs of the students. Internet access to source websites and other information for educational purposes is also provided to the budding computer wizards.

Audio Visual Lab

Spacious air-conditioned audio-visual labs are available for the benefit of students, which are utilized for multimedia presentations and for supporting teaching and guest lectures. There is an excellent collection of films and documentaries based on education and also for entertainment. These labs also facilitate Computer Aided Learning.

Language Lab

Language is a medium of communication. Learning of a language is an ongoing process. The approach now a days is quite scientific and communicative. The language lab provides the requisite hardware and software that helps students get trained under language experts to ensure that they improve their pronunciation, diction and vocabulary. Acquiring linguistic perfection is the basic aim of the language laboratory.

Music Room

MMIS provides a wide spectrum of opportunities for students in the field of music. We believe that real enjoyment is enjoyment with self. It is not having things, but in having mastery and victory over oneself. To enjoy the spirit of music, training and guidance in both Indian and Western Music are imparted with the help of a whole array of instruments.

Art Studio

Practicing art brings peace and a sense of happiness to the young minds. A separate art studio caters to the needs of different types of art forms ranging from basic drawing, sketching and painting to professional coaching in the same field.

Dance -Drama Room

A very convincing form to express one's feelings is through the art of dance and drama. Training is provided to the students to learn all types of dance forms, Indian and western. Drama and theatre interests are also given due importance at MMIS.

\Public Speaking

Public speaking skills have been known to be very effective in developing confidence, self-belief, oratory skills, leadership and quick thinking along with eliminating anxiety and boosting confidence. MMIS strives to develop excellent public speaking skills in every student through quiz, debate, elocution, speech, etc.

Spoken English

English is considered to be a language of professionals as it is universally accepted and bridges the gap between people from different countries and religions. Many a time, even bright and intelligent young men and women face a lot of difficulty in expressing themselves during interviews/ discussions, etc. just because they are not well versed with the language. At a young age, it is much easier to make a child learn a language than when he/she is grown up. MMIS lays a special emphasis on proper spoken English and the correct method of conversation. Teachers communicate and interact with children only in English and thus, they pick up the language at an amazing speed and in a natural way.

Co-curricular Activities

Various Inter-class, Intra-class and Inter-house activities are organized on a regular basis for all the grades right from Pre-School onwards to explore the hidden talent of the students and to provide them with ample opportunities to groom their talent and potential accordingly .

Personality Development And Grooming

As the popular belief goes the first impression is the last impression. Personalized grooming is provided to students. A certain quality of finesse is added to different age groups wherein manners and etiquettes are taught. Strong emphasis is laid on various aspects of personality development, value based education, public speaking, conversational skills, etc. All these are incorporated as a part of the development process. The objective is to empower students to face challenges of life with confidence and optimism.

Sports

The school has an excellent sports infrastructure with coaches who impart training in various games and sports. They help students in making their presence felt at different levels of sports competitions and tournaments. Our students excel in district, state, national and international competitions

Outdoor Sports

Motivation is what gets one started; habit is what keeps one going. Outdoor sports include facilities for Volleyball, Lawn Tennis, Skating, Football, Cricket, Basketball, Kho-Kho, Martial Arts, Hockey etc. We also have a 400 meters 8 lane track for athletics.

Indoor Sports Complex

A huge indoor sports complex houses facilities for Badminton, Table Tennis, Basketball, Squash, Swimming, Gymnastics, Aerobics, Carrom, Chess, Yoga and Meditation, etc.
